Resources - Software and support

Microsoft Office 365

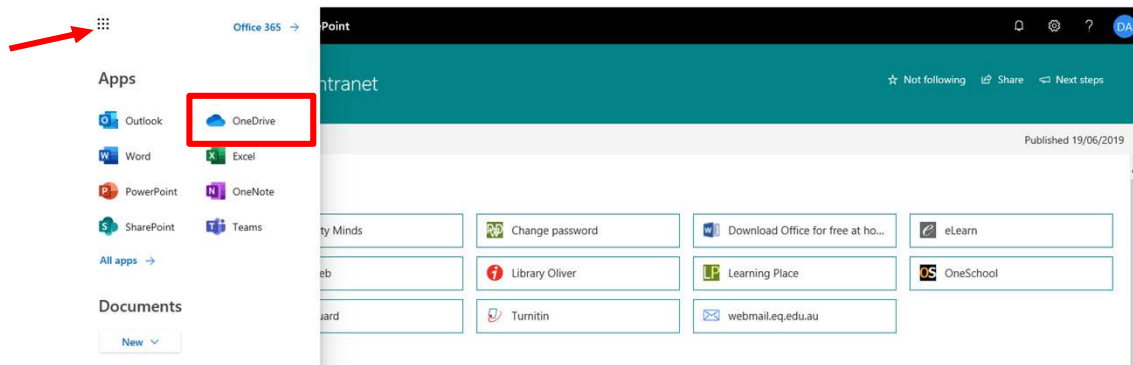

To install the apps, please select the **Windows icon** at the bottom left hand corner of the screen, and then open the **Company Portal application**.
If requested, sign in with your school user name and password.
Select "Show all" to see the apps your school has indicated you require, and then you can select the apps that you want to install - Microsoft Office 365 apps are available here.

Resources - Software and support

Microsoft OneDrive
- offers 1TB storage

Student home page or mis.eq.edu.au

Protection - Physical

- * Devices must be kept with students at all times.
- * Secure storage arrangements are available when this is not suitable e.g. sport
- * Devices should be covered in a 'tough' case.
- * Families are strongly encouraged to have insurance and warranty / ADP on personal devices.

Protection - Online

- * Students are only permitted to access the internet using the EQ network
- * Students only communicate with staff and students using EQ email
- * All EQ networks, sites and systems are protected, filtered and monitored
- * 3/4G must be disabled on all devices
- * Anti-virus software must be installed
- * Students are explicitly taught about cyber safe practices
- * Access to safe sites only at school
